We will begin shortly - please note:

• We have muted your audio and turned off your camera to ensure higher quality sound during the session. Please ensure your audio and camera remain off throughout the entire presentation.

• To ask questions during the session, please use the Zoom Q&A function.

• If you have a technical issue during the session, please use the chat feature.

• We will answer questions throughout the session as time allows.
We acknowledge that UBC's two main campuses are located on the traditional, ancestral and unceded territories of the x̱w̓məθkwəy̓əm (Musqueam) and Syilx (Okanagan) peoples, and that UBC's activities take place on Indigenous lands throughout British Columbia and beyond.

WORKDAY AND HRMS – HOW THINGS ARE DIFFERENT
The underlying data model from HRMS to Workday is different. This means:

- Data is more visible which makes things easier to access and read in real time.
- Data is not tracked or managed in the same way.
- What you can access is determined by your security role.
WHAT DOES THAT MEAN FOR ME?

• You may have different access to data and reporting based on your security role.

• There is not a 1-to-1 comparison of existing reports to new reports in Workday. Some reports are retired or have been restructured.

• You may need to request additional permission to access key information.

• If you have multiple security roles, one of them may allow you to **view more information** in reports than other individuals who do not have that additional security role.
RELATIONSHIP BETWEEN SECURITY ROLES & REPORTS

In this example, you have a security permissions for Organization A but not Organization B:

• You will only be able to view reports and see data for HR Analyst from the organization you have the role in, A.
• If you need to see the data from Organization B, you will need to request to have the security role for that organization as well.

If you need a role assigned, please visit Knowledge Base Article for more information.
BEFORE WE GET STARTED…
“I CAN’T FIND MY REPORT…”

- **Workday Reports Catalogue** is a helpful tool to provide crosswalk between HRMS & Workday.

- You can search by:
  - typing all or part of the report name
  - using a prompt to narrow down search results

- You can filter reports to find the data you are looking for

- If you are looking to pull a consolidated view by SupOrg to understand reporting relationships, this report is not available at this time.
REPORT DASHBOARD NAVIGATION

Link to Report Dashboard:
https://reports.im.it.ubc.ca/t/CDO/views/ReportsDashboard/MainMenu?%3AshowAppBanner=false&%3Adisplay_count=n&%3AshowVizHome=n&%3Aorigin=viz_share_link&%3AisGuestRedirectFromVizportal=y&%3Aembed=y

- Review the new Workday name for existing legacy reports
- Access a list all Workday reports
- Access a list all retired Workday reports
Dashboard Overview – How To Find an Existing Report in Workday
“I NEED A NEW REPORT…”

- A large majority of reports requested already exist in Workday.

- If you can’t find the report, you may need to request it from the Reporting team.

- We will work with you to define a new report based on your requirements, based on priorities.
"I CAN’T SEE THE SAME REPORTS…”

- You can view a list of all reports from the dashboard.
  - **You may need to request additional security role access** to see your reports.
- Your report may be part of a different report.
- Your report may be retired.
“WHY AM I GETTING UNEXPECTED RESULTS?”

• Blank columns – this may be due to privacy restrictions based on your security role.

• Error messages – you may not have permissions to access the report entirely.

• Sequence and label of fields – decisions were made to standardize sequence and labels.
“HOW CAN I FIND OUT ABOUT THE REPORTS I CAN RUN?

• Run the “Custom and Standard Reports List” in Workday.

• This report showcases what you can access and view.

• You may need to request additional security role access to run reports to complete work.
# Custom and Standard Reports List

This list does not include XpressO reports

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>

<td>2020-10-08 09:40:17.323 AM</td>
</tr>
</tbody>
</table>
REPORT REMINDERS

- You can export reports to excel (You may need to learn more about Excel filtering and sorting).
- You can convert report to graphs
- You can schedule reports
- You can add reports to Quick Access or Favorites

Please see the Knowledge Base Article – Reporting Basics for more information.

## Frequently Used Reports – Time Tracking

Here are some frequently used reports in Workday & corresponding security access:

<table>
<thead>
<tr>
<th>How do I...</th>
<th>Report Name</th>
<th>Report Description</th>
<th>Security Role(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>View an employee time blocks?</td>
<td>View time blocks by position</td>
<td>Shows employee ID, name, time blocks, their status and Payroll Status</td>
<td>Manager (Direct Reports)</td>
</tr>
<tr>
<td>See time blocks and historical status of time blocks?</td>
<td>Time Block Audit</td>
<td>Shows time block in and out by worker and historical status on time blocks (created, submitted, approved)</td>
<td>Timekeeper (to the assigned SupOrgs and applicable sub-SupOrgs)</td>
</tr>
<tr>
<td>View time blocks for a given period?</td>
<td>Reported time blocks for a worker</td>
<td>Shows time blocks, worker names, reported dates and time entry code in a given time period</td>
<td></td>
</tr>
<tr>
<td>Review time trends over the last 6 weeks?</td>
<td>Reported Time Trends</td>
<td>View the total reported time that has been approved for supervisory organizations over the last 6 weeks. This provides an easy way to see trends in reported time.</td>
<td></td>
</tr>
<tr>
<td>See a weekly view of time blocks for employees?</td>
<td>My Team's reported time</td>
<td>Displays the reported time block hours for the employees in a supervisory organization. By default, the report displays reported time from the manager's first day to the last day of the current week.</td>
<td></td>
</tr>
</tbody>
</table>
## Frequently Used Reports - Absence

Here are some frequently used reports in Workday & corresponding security access:

<table>
<thead>
<tr>
<th>How do I…</th>
<th>Report Name</th>
<th>Report Description</th>
<th>Security Role(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>See all employees on leave?</td>
<td>Workers on Leave</td>
<td>Provides a list of all employees on leave</td>
<td>Depending on the leave type&lt;br&gt;Manager&lt;br&gt;Senior HR/FR Partner&lt;br&gt;HR Admin, HR Exec, HR Analyst, HR Partner, Central HR, Absence Partner</td>
</tr>
<tr>
<td>See all employees returning from leave?</td>
<td>Workers Returning from Leave</td>
<td>Shows workers that are due to return from leave</td>
<td>HR Call-In Event – Reporting in Workday</td>
</tr>
<tr>
<td>View vacation payout information per employee?</td>
<td>Vacation Liability by Employee</td>
<td>Shows the vacation payout liability per employee</td>
<td>Manager&lt;br&gt;Senior HR/FR Partner, Benefits Partner, HR Admin, HR Exec, HR Analyst, HR Partner, Central HR, Absence Partner Payroll, HR Auditor</td>
</tr>
<tr>
<td>Determine a high-level breakdown of time off balances – accrued YTD and absences taken YTD?</td>
<td>Time Off Results Summary</td>
<td>Shows by organization and worker, the high-level breakdown of time off balances, accrued YTD and absence taken YTD</td>
<td></td>
</tr>
<tr>
<td>See a detailed breakdown of time off balances – accrued YTD and absence taken YTD?</td>
<td>Time Off Results Detail</td>
<td>Shows by organization and worker, the detailed breakdown of time off balances, accrued YTD and absence taken YTD</td>
<td></td>

NEXT STEPS
NEXT STEPS & KEY TAKEAWAYS

- Explore new way of how data is structured with your team
- Identify critical reports needed for your team
- Submit a ticket to ISC if you have an issue that cannot be solved
Before submitting a ticket to ISC regarding reports, take the following action:

1. Check out Workday Reports Catalogue
2. Try to search the report using a different key word
3. Input the prompt of specific Sup Org to narrow down your report
4. Use filters and sort functions to make your report meaningful for your purpose
5. Check your security role(s)
SUPPORT & RESOURCES AVAILABLE TO YOU

To ask questions....

Click on the Q&A icon at the bottom of your screen in Zoom to open the Q&A box and type in your questions and view questions from colleagues. You can up vote your colleagues questions by pressing the “thumbs up” next to the question. **We will be answering the most upvoted questions in this Q&A session.**
THANK YOU!
“HOW DO I SCHEDULE A REPORT?”

**Step 1:** Search for “Schedule a Report”

**Step 2:** Input report name and pick Run Frequency

**Step 3:** click OK

To revise frequency, or delete previous schedules, search for “Scheduled Future Process”, select “Report” under Process Type, and use related action to edit schedule Future Process.
